Doc:

Rod has advised us that during your recent trip here you inquired about the present status of our cover story, and indicated that you had not seen the letters we sent concerning it. We have therefore duplicated our letters of 3 and 11 August 1960 and forward them herewith for your information. The situation rests here at the present time, since we have never received an answer to the letters.

We would greatly appreciate any advice and assistance you could give us on this matter.

Regards,

Pat
